

Pre-Application Community Meeting

Prop1B Goods Movement Emission Reduction Program FY2015-2016 (Year 5)

7/23/2015

Event drew three members of the public in Fresno and one in Modesto.

After a brief introduction of the program by Dante Sanson, the meeting was opened to public questions and comment. A summary of participant feedback is discussed below:

Steven Lloyd of JD Food commented how their fleet needs to replace 6 TRUs by the end of 2015 and asked if funding would be available by the end of the year to help with 6 TRU replacement projects their fleet needs. SJVAPCD staff said that funding would likely not be available by the end of 2015 but there is potential for their fleet to get TRU assistance in 2016.

Jason Range of Valley Peterbilt asked if it is possible that diesel options were going to be made available for large fleets. SJVAPCD staff responded that it is highly unlikely as program guidelines have already been approved by ARB.

There was also discussion between SJVAPCD Staff and Charlie Simpson of Golden State Peterbilt. In regards to the alternative fuel options and Class 6 trucks, SJVAPCD Staff was inquiring about potential interest in the program. Simpson stated that in his opinion the interest would be minimal since there is not enough alternative fuel infrastructure available throughout the San Joaquin Valley and the only potential interest would be fleets that have their own infrastructure available. Other discussion included: if the target audience for TRUs would be the same as trucks; combining the solicitations for Trucks and TRUs or keeping them separate. Simpson felt the target audience for trucks and TRUs would be the same so holding solicitations at the same time would make sense; however he wanted to ensure that ranked lists would be separate.

Subject: Meeting Notice - 2015 Proposition 1B Funding Plan

The San Joaquin Valley Air Pollution Control District's (SJVAPCD) Strategies and Incentives Department will be holding a community meeting to discuss the 2015-2016 Funding Plan on Thursday, July 23, 2015 beginning at 10:00 a.m. at the SJVAPCD Central Region Office's VTC Room.

Discussion topics will include a review of the 2015 Proposition 1B Goods Movement Emission Reduction Program – Guidelines for Implementation including funding categories, program changes, and expected timelines of implementation. A public comment session focusing on funding category distribution will take place following the presentation and all comments will be considered in drafting the SJVAPCD's Project Application.

The 2015 Proposition 1B Guidelines are available for review at:

http://www.arb.ca.gov/bonds/gmbond/docs/prop_1b_goods_movement_program_june_2015_guidelines.pdf.

If you are unable to attend in-person at the SJVAPCD Central Region office location, the meeting will also be telecast via video teleconference (VTC) to the SJVAPCD Northern and Southern Region offices.

Central Region Office
VTC Room
1990 E. Gettysburg Ave.
Fresno, CA 93726-0244

Northern Region Office
VTC Room
4800 Enterprise Way
Modesto, CA 95356-8718

Southern Region Office
VTC Room
34946 Flyover Court
Bakersfield, CA 93308-9725
